ABOUT US

At Altareb Global Corp, we are passionate about bringing the rich flavors, quality products, and timeless traditions of the Middle East and beyond to businesses and customers across the United States. Based in New York City, we specialize in sourcing and distributing premium imported foods, gourmet snacks, specialty sweets, chocolates, honey, nuts, coffee, tea, baked goods, and authentic Middle Eastern products from trusted producers around the world.

What began as a simple tradition of sharing authentic Saudi dates with friends and family soon grew into something much greater. Every visit from Al Madinah brought carefully selected dates such as Medjoul, Sukkari, Sagai, Safawi, and the highly prized Ajwa varieties products that were difficult to find in U.S. markets at the time. These products represented more than food; they reflected hospitality, culture, tradition, and meaningful moments shared with others, especially during Ramadan and family gatherings.

Inspired by the overwhelming appreciation for these authentic products, we officially launched Altareb Imports in 2023, which later evolved into Altareb Global Corp. As our company grew, so did our vision. Today, we proudly offer a diverse portfolio of premium international products sourced from trusted farms, manufacturers, and heritage brands across the Middle East and beyond.

Our mission is to make high-quality, authentic products more accessible to wholesalers, retailers, supermarkets, and specialty stores throughout the United States while maintaining the quality, authenticity, and customer trust that define our company. Through strong global partnerships and dependable service, we continue to connect cultures through flavor, tradition, and premium products customers can enjoy with confidence.

At Altareb Global Corp, we specialize in sourcing and supplying premium food products and specialty items from across the Middle East and beyond to businesses throughout the United States. Our products are carefully selected from trusted manufacturers, farms, and producers to ensure exceptional quality, freshness, authenticity, and taste.

Beyond supplying products, we provide dependable B2B sourcing and distribution solutions for wholesalers, supermarkets, retailers, convenience stores, and specialty food businesses. From product sourcing and quality control to logistics and delivery, we simplify the import and distribution process so our partners can confidently offer authentic, premium international products without the sourcing challenges.
